**Re: American Cable Association (“ACA”) Notice of Ex Parte Presentation; GN
Docket Nos. 09-47, 09-51, 09-137**

Dear Ms. Dortch:

Pursuant to Section 1.1206 of the Commission’s rules, we are electronically filing this letter in the dockets referenced above as notice of a January 5, 2010, meeting with Don Stockdale, Sharon Gillett, Jennifer McKee, Gary Seigel, Todd Burmeister, Alex Minard and Amy Bender of the Commission’s Wireline Competition Bureau, and the following persons:

Ross J. Lieberman, Vice President of Government Affairs, ACA
Bruce E. Beard, Cinnamon Mueller, Outside Counsel for ACA

During the meeting, participants discussed the matters contained in ACA’s filing in the Role of the Universal Service Fund and Intercarrier Compensation in the National Broadband Plan.¹

ACA explained its proposal for reforming and evolving the Universal Service Fund Program to provide for broadband. ACA representatives discussed capping the fund at the December 31, 2009 level, concepts regarding ways to reform the USF to reduce funding in competitive areas where it is no longer needed, and using the savings from such reforms to fund a broadband fund. ACA representatives also discussed continued funding for current wireline eligible telecom carriers with fewer than 100,000 lines unless they decided to draw from the newly created broadband fund. ACA emphasized that broadband support should be efficient and non-discriminatory, where one industry segment is not favored over another and one technology is not favored over another.

Sincerely,

A handwritten signature in blue ink, appearing to read "Bruce E. Beard". The signature is fluid and cursive, with the first name "Bruce" being the most prominent.
